

MARK INDUSTRIES

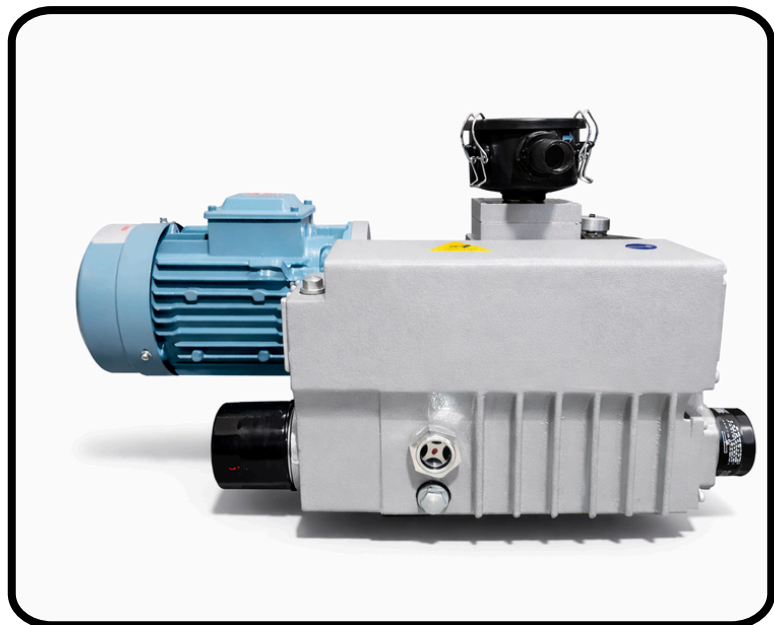

INTRODUCTION

Mark Industries, established in 2019, is a leading manufacturer of woodworking and plywood machinery in India. We proudly follow the Make in India initiative and serve the best of the Indian industrial market.

With a strong focus on quality and durability, we have earned the trust of our valued customers by delivering reliable and high-performance machines. Our products are available in various specifications to meet the precise requirements of our clients.

We are committed to producing and delivering 100% in-house manufactured woodworking machines. Backed by over 3+ years of combined expertise in manufacturing and marketing, we confidently offer customized machine solutions for a wide range of woodworking applications.
